The 2015 IEEE 4th Asia-Pacific Conference on Antennas and Propagation (APCAP) will be held in Bali Island, Indonesia, from June 30 to July 3, 2015.

APCAP is an international forum for the exchange of information on the progress and recent advancements in the research and development of innovative antenna technology and radio wave propagation.

APCAP was successfully inaugurated in Singapore in 2012 and held in Chiangmai, Thailand in 2013 and Harbin, China, in 2014. APCAP 2015 will offer a rich scientific program of the highest quality with keynote and invited speakers from all over the world and provide a broad forum of exchange for both academia and industry alike, with the aim of fostering collaboration between them.

The conference will cover a wide range of topics related to antenna technology, propagation, and electromagnetic theory. Prospective authors are invited to submit original contributions on their latest research findings. Proposals for special sessions and short courses are also invited and welcome.

APCAP Best Paper Award and Outstanding Student Paper Award will be presented to eligible authors of papers with outstanding quality.

All presented papers will be included in the conference proceedings and submitted for inclusion to IEEE Xplore.

Important Dates:

- Proposals for special sessions and short courses: January 18, 2015
- Preliminary paper submission: March 1, 2015
- Notification of acceptance: April 19, 2015
- Final paper submission: May 17, 2015
