

Distinguished Lecturer Levent Sevgi Tours ITALY

IEEE Antennas and Propagation Society distinguished lecturer, **Dr. Levent Sevgi** (2020 - 2023) was in Italy tour, visiting 6 cities – Trento, Florence, Benevento, Pizzo Calabro, Lecce and Napoli – and gave lectures in 6 universities within the IEEE APS DL Program from May 2 to May 18, 2022. His lecture in **University of Trento**, **University of Sannio**, **University of Calabria**, **University of Salento** and **University of Campania** was “From Engineering Electromagnetics to Electromagnetics Engineering: Teaching / Training Next Generations”. In **University of Florence**, he gave the lecture entitled “Electromagnetic Diffraction Modeling and Simulation”. The hosts were professors **Giacomo Oliveri**, **Angelo Fireni**, **Vincenzo Galdi**, **Luigi Boccia**, **Luciano Tarricone** and **Raffaele Solimene**. Dr. Sevgi also met past president **Yahia M. Antar** and president-elect **Stefano Maci** during his tour. Below are collection of photos and here is the link of a 5min video of this program: <https://youtu.be/mmjWhVIoeMI>.
